1 Consolidation and Accounting Standards

The financial statements comply with the Companies Act 2001 and Financial Reporting Act 2004 and have been prepared in accordance with IFRS Accounting Standards effective for the year under review. The financial statements for the year ended 31 December 2024 have been audited by Ernst & Young.

2 General Comments

Tourist arrivals continued to recover across our key markets in 2024. Full-year figures exceeded 2023 levels across all operating destinations, confirming sustained travel demand and destination resilience.

TOURIST ARRIVALS			
	2024	2023	2024 v/s 2023
MAURITIUS	1,382,177	1,295,410	6.7%
MALDIVES	2,046,615	1,878,539	8.9%
SEYCHELLES	352,762	350,879	0.5%

3 Resorts Performances

Our portfolio of fully owned and managed resorts in Mauritius and the Seychelles contributed to the satisfactory performance for the year. Our hotels in both destinations recorded improved KPIs whereas the Maldives still faces tight competition due to the prevailing mismatch between supply and demand. We nevertheless recorded a better ADR and Revpar in this latter destination. On the operational front, we faced a number of unexpected headwinds with the introduction, in Mauritius, of the new Climate Responsibility Levy Charge and the introduction of new labour benefit packages and in the Maldives an increase in GST .Our Rodrigues properties registered lower occupancy and ADR, mainly attributed to limited air access.

Overall, the Group recorded an average occupancy rate of 75.2% (2023: 78.2%), RevPAR of MUR 14,344 (2023: MUR 14,451), and TrevPAR of MUR 23,526 (2023: MUR 23,781)

Group Results

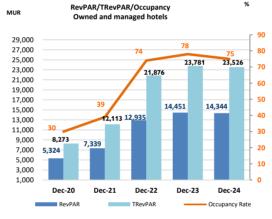

Group revenue, increased by 7.4% to reach MUR 6,149 million. (2023: MUR 5,727 million). This growth in revenue was supported by sustained momentum in Mauritius and a notable uptick in our Maldives operations.

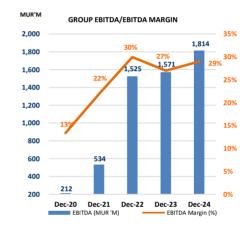

Despite pressures from cost inflation and mandatory increases linked to labour benefits particularly in Mauritius and Rodrigues, EBITDA rose strongly by 15.4% to MUR 1,814 million (2023: MUR 1,571 million), notably reflecting the cost mitigating actions taken.

Whilst the repayment of existing loan facilities was maintained during the year, the reduction in borrowings was offset by an additional loan taken to finance the purchase of a headlease in the Maldives. This led to borrowings increasing from MUR 4.8 billion to 5.4 billion. Finance costs relating to financial debt reached MUR 472 million (2023: MUR 415 million) while costs from lease liabilities reduced to MUR 300 million (2023: MUR 318 million).

The excellent performances of our associates in the Seychelles and Madagascar contributed to share of profit from associates increasing by 9.7% to reach MUR 206 million (2023: MUR 188 million).

Taxation, including deferred taxation, increased to MUR 180 million (2023: MUR 101 million) following additional levy and taxes enacted during the year. Profit for the year increased by 4.8% to MUR 337 million (2023: MUR 321 million).

5 <u>Outlool</u>

Despite a slowdown in arrivals during the early part of 2025, our hotels in Mauritius are still anticipated to perform well in the year. The outlook for our properties in Seychelles and Madagascar is generally favourable. Notwithstanding lingering challenges for our properties in the Maldives, our goal is still to increase the top line with a higher RevPAR through a range of measures which should bring benefits. Further, following their successful integration, we anticipate that our two new properties in Rodrigues will improve in 2025.

In the face of ongoing international geopolitical and economic uncertainties, we remain cautious, adaptable, and ready to navigate through changing market dynamics.
